Registration certificate must be signed by owner and carried in vehicle or by driver.

THIS CERTIFICATE MUST BE PRESENTED WHEN TRANSFERRING PLATES TO ANOTHER VEHICLE. COMMERCIAL AND TRAILERS EXPIRE LAST DATE OF FEBRUARY; PASSENGER AND MOTORCYCLES EXPIRE MARCH 31; HALF-YEAR COMMERCIAL PLATES EXPIRE MAY 14-NOVEMBER 14.

The Reason for Use of this form is that the law provides, in part, as follows: "Every retail motor vehicle sale shall be evidenced by an instrument in writing which shall contain all the agreements of the parties and shall be signed by the buyer, with title application or transfer of title." A duplicate copy of such statement shall be furnished by the seller and must be filed with the office of Secretary of State, and the Department of Revenue.

General Instructions: An overall examination of this form will indicate that the form is self-explanatory and no further instructions are required. In all situations the information given must reflect or "prove out" that the correct amount has been stated on Line 1. In some instances the seller will be obligated to make entries on Line 2 in order to compute the proper amount on Line 3. If it is an exempt sale, state the reason in space after Remarks provided the name of the purchaser is not self-identifying as being exempt. As concerns discounts, the present rule of the Sales Tax Department reads as follows: "Authorized discounts are deductible only when given to the purchaser at the time of sale and shown on the invoice, sales order, the statement of sales tax paid and on the records of the dealer." When a bona fide discount is given, the word discount and its dollar amount should be written in the space provided on the form after the word Remarks.

Special Instructions when Selling a New Motor Vehicle or Original Sale of a Used Motor Vehicle: No deduction from selling price can be taken for trade-in when computing sales tax.

Line 1. Price of Car — in addition to federal tax, freight and factory installed accessories, shall include "dealer installed" accessories, without labor, provided a "work order" becomes part of the seller's records and the labor charges involved are included on Line 5 and further provided, that such "dealer installed" accessories are optional to the buyer. If not optional to the buyer then the labor is not tax exempt.

Line 2. Other taxable charges. If the seller simonizes or undercoats the motor vehicle or gives it some other treatment of like or similar nature not optional to the purchaser, then such charge becomes part of the entry on Line 2. Sales of Service cards or certificates not optional to purchaser likewise become part of the entry on Line 2.

Line 5. Labor, Service or other nontaxable charges. On this line, amongst other charges, if any, should appear the labor charge for installing accessories accounted for on Line 1, likewise, labor charges for simonizing or undercoating, if optional to the purchaser, or service books or certificates, if optional to the purchaser. These charges must be supported by work orders.

Also see General Sales Tax Rules and Regulations, Rule 4, Automobile and other Motor Vehicle Dealers.

Permission for Self-Supply of this form: Persons interested may have printed personalized forms and can show dealer's name, address and emblem, provided the following provisions are complied with: (1) paper must be same weight, colors and size; (2) printing must be same size type, same order and same spacing; (3) Title of this form shall not be eliminated or obscured.
